

INVITATION - DINNER PRESENTATION

The Swiss-Indian Chamber of Commerce (SICC) and the Ambassador of Switzerland, H.E. Philippe Welti, most cordially invite you to attend a presentation by the director and chief economist of BAK Basel Economics, the leading independent economic research institute of Switzerland.

Prof. Dr. Urs Müller

on

“Why the crisis in Europe is not over - reasons for low growth“

The crisis in the Western world seems to be over. Growth rates are back to positive and business seems as usual. However, there are few things threatening the new boom, the debt crisis just being one of them. What are the drawbacks for the next years and how strongly will they affect growth in Europe and Switzerland?

BAKBASEL publishes four times a year economic forecasts for Switzerland and its sectors and regions. In addition, BAKBASEL owns a large database with performance and location data for more than 1000 regions in Europe and North America (see www.bakbasel.ch).

Prof. Dr. Urs Müller (1957), studied economics at the universities of Basel and Harvard (Cambridge MA, USA). From 1996-2005 he served as Head of the Administration of Finance of the Canton Basel-Stadt; since 2007 Managing Director and Chief Economist of BAKBASEL; since 1998 also part-time professor of economics at Basel University, lecturing on empirical economic research and public finance.

The event will take place on September 8, 2010 from 7:00 to 9:30 PM, including cocktails & dinner at the Embassy of Switzerland in India, New Delhi.

The SICC thanks the Ambassador, H.E. Mr. Philippe Welti, who has graciously offered to open the doors of his residence for this event.

**Please RSVP to Aladdin Pais, General Manager, SICC India: aladdin.pais@sicc.ch.
For any questions, please contact Rahul S. Sahgal, Board Member SICC Northern Region:
